**Let Peace Prevail on Earth**

Peace Pals is a program of the World Peace Prayer Society, which promotes the prayer *May Peace Prevail on Earth* as a simple, universal expression to unite the hearts of all people in our common desire for peace on Earth.

Peace Pals is a program designed to encourage young people, ages 5-15, to become peacemakers. It fosters understanding and respect for the diversity and oneness of the human family and the natural world through the arts, education, communication and friendship. By nurturing inner peace and global awareness, Peace Pals will help create a future in which peace and harmony become a way of life.

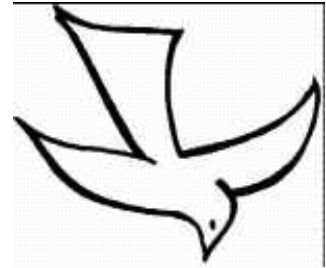

- Peace Pals, offers groups the opportunity to connect with other peace groups of the same age throughout the globe.
- Peace Pals promotes an annual essay contest as well as a poster contest for young people in June.
- There are various peace websites for your group to embrace and share the message of peace:
